Dear [REDACTED]

As part of our continuing efforts to improve security, we are looking into the possible value of psychological assessment as a personnel screening tool. Mr Myers of my office has talked to you briefly on this subject.

We hope that your experience may give us useful background. Lt Colonel Voyiaziakis or Mr Myers will contact you to request a meeting with you and any other appropriate persons in your agency. Both Lt Colonel Voyiaziakis and Mr Myers are cleared for Top Secret.

Thank you for any help you can give us.

Sincerely

  
HOWARD W. LEAF  
Lieutenant General, USAF  
The Inspector General
